NEW
YEAR

2021

Dear X

Hi, how are you? I hope you're doing well. Is Covid-19 cases are low?

We didn't celebrate Christmas with all family cause of Covid-19. It's a little bit strange situation. If we celebrate with our family, we risk ourselves.

I wish your Christmas wishes come true.

Hello,

My name is Nisanur, 11 years old. I'm studying at Abdulhamit Han Ortookulu. I am studying in 5th grade. I am from Orhangazi. To explain the Corona. Yes, there are no schools. And we are very upset when we cannot go to our schools because we missed going to our schools, spending time with our friends, playing. Unfortunately we don't have schools. That's why we do online lessons at our homes. I like gymnastic and archery. We used to buy each other gifts on New Year's eve. But in this process we cannot do that either. Because it is forbidden for people to give something from hand, so we text our friends or look for each other. In this way, we celebrate each other's New Year, Happy new year too...
